

Ermine and Or

By Syr Kyppyn Kirkcaldy

**On the field of battle
Our yellow, white, and black
We fight for the Gryphon
Ready for attack**

**The livery of ermine and or
Upon our breast
Our fiercest of warriors
The enemy we'll best**

*So fight the good fight ermine
Challengers beware
Our voices cry in union
"In victory we swear!"
To make the Dragon Kingdom
Safer than before
We'll fight beside our brothers – ermine and or*

**The flames of our talons
Will pierce their armor red
The wings of the Gryphon
To victory we're lead**

**The Barony Flaming Gryphon
And Marches will restore
The faith of our Kingdom
With ermine and or**

*So fight the good fight ermine
Challengers beware
Our voices cry in union
"In victory we swear!"
To make the Dragon Kingdom
Safer than before
We'll fight beside our brothers – ermine and or*

**The bards will tell our stories
Of victories past
Our legends and mythos
Will forever last**

**So sound the horn we're coming
Enemies beware
We'll take your land and drink your beer
Upon this we swear**

*So fight the good fight ermine
Challengers beware
Our voices cry in union
"In victory we swear!"
To make the Dragon Kingdom
Safer than before
We'll fight beside our brothers – ermine and or*

**Our fealty and honor to
King and barony
We'll fight unto the last man
Ensure our victory**

**So drink a toast to ermine
Our prowess, sword and spear
We'll beat the eastern army
Return as heroes' feared**

*So fight the good fight ermine
Challengers beware
Our voices cry in union
"In victory we swear!"
To make the Dragon Kingdom
Safer than before
We'll fight beside our brothers – ermine and or*
