

Sabine's Song

(to the tune of Wild Mountain Thyme)

Syr Kyppyn Kirkcaldy AS XL

**I have flown through cloudy skies,
My love for you I treasure
And the life we've chose this time
Is the seed of happily after
Will your love for me lassie grow?**

Chorus:

*And we'll walk in life forever
As husband and wife,
And our love will never surrender
Will your love for me lassie grow?*

**Your smile is in your eyes
Like the green spring meadow
And I will always remember our time
As we learn from each other
Will your love for me lassie grow?**

**You have given my hearts desire
Two lovely sunshine children
And our love will forever be
Proved by these angels from heaven.
Will your love for me lassie grow?**

**There will be a time in life
When we decide that we differ
And I may lose my style
Will you help me to get better?
Will your love for me lassie grow?**

**My hair changes with the wind,
Silver glistening together
And my eyes may lose their shine
Will you be my light forever?
Will your love for me lassie grow?**

**As the sun sets on our lives
Can I count on you my lover
That you will sit by my bedside
And hold my hand in yours forever?
Will your love for me lassie grow?**
